

SysTM™ Instrument Cassettes

For efficient cleaning, sterilization and storage of instruments

SciCan
A HIGHER STANDARD

Why use cassettes?

- Virtually eliminates hand scrubbing when used in conjunction with Hydrim® instrument washer
- Efficient, time-saving transfer of instruments from the operator to Hydrim to Statim®
- Keeps instruments organized and neat
- Helps prevent damage to instruments

Features and Benefits of SciCan's Sys™ cassettes

- Unique hole pattern provides excellent washing, rinsing and draining in the Hydrim instrument washer/washer-disinfector
- High grade surgical stainless steel with a passivated finish to maximize durability and minimize discoloration
- Manufacturer's four year warranty on all moving parts and a lifetime guarantee against corrosion

Statim 2000/5000 Cassettes

Select from four sizes, designed to fit the Statim 2000 and 5000.

SysTM 1 2.5 x 7 x 0.5" (64 x 178 x 13 mm)

- ideal for exam set-ups
- can hold up to 7 instruments

SysTM 3 4.5 x 7 x 0.5" (114 x 178 x 13 mm)

- ideal for perio/hygiene
- capacity of 10 to 12 instruments

SysTM 2 2.5 x 7 x 1" (64 x 178 x 25 mm)

- perfect size for Statis or other handpieces
- holds 1 to 2 handpieces, or various other instruments

SysTM 4B 10.5 x 6.5 x 1" (267 x 165 x 25 mm)

- designed for larger operative/surgical set-ups
- capacity of 14 instruments plus an accessory area

- Modular design maximizes space utilization and optimizes the efficiency of your Statim sterilizer

- Silicone instrument retention strips are designed to minimize contact area with instruments, which promotes more effective cleaning
- Choice of 8 colours of silicone strips to customize cassettes for your needs (all cassettes come standard with green silicone colour coding)

Statim 7000 Cassettes

Select from five available sizes, designed to fit the Statim 7000 in a modular fashion, and ensure effective use of space. Double hinged for easy lid management at chairside. Scalloped instrument supports keep instruments in place.

Full-size 8 x 11 x 1" (203 x 280 x 25 mm)

- designed for larger surgical set-ups
- capacity of 20 instruments, or 14 instruments and accessory area
- side-mounted latches for easy opening

Half-size 5.5 x 8 x 1" (140 x 203 x 25 mm)

- ideal for hygiene, perio, prophy
- capacity of 10 instruments

Half-size, Double Stack 5.5 x 8 x 1.5" (140 x 203 x 38 mm)

- stores twice the instruments as the standard half size, in the same footprint
- capacity of 20 instruments

Quarter-size 2.75 x 8 x 1" (69 x 203 x 25 mm)

- perfect for exam
- capacity of 5 instruments

Quarter-size, Double Stack 2.75 x 8 x 1.5" (69 x 203 x 38 mm)

- stores twice the instruments as the standard quarter size, in the same footprint
- capacity of 10 instruments
